KHBC400 SERIES IMMERSION BLENDER

\*Motor horsepower for our immersion blender motors was measured using a dynamometer, a machine laboratories routinely use to measure the mechanical power of motors. Our 1.0-horsepower (HP) motor reference reflects the horsepower rating of the motor itself and not the immersion blender's horsepower output to the blending vessel. The output horsepower to the blending vessel will be somewhat reduced.

# Commercial KHBC400 Series IMMERSION BLENDER

POWER. VERSATILITY. PERFORMANCE.

Sold Separately

Storage Case and Bowl Clamp Included

## MODELS

MODEL #	IMMERSION BLENDERS	UPC
