BREAKFAST SERVICE

FLAME FREE™ THERMO-URN™

The Flame-Free™ Thermo-Urn™ is a Service Ideas Exclusive Products. Engineered to achieve true vacuum insulation that provides six+ hours heat retention with no external heat source. This helps reduce labor and supply costs.

Features:

- Interior splash guard prevents splashing while brewing directly into the unit
- Foam insulated lid creates superior suction to prevent heat loss
- Constructed from 18/8 stainless steel with vacuum insulation
- NSF listed spigot

Quality Level:

We test each urn to ensure optimal performance. The Thermo-Urn™ outperforms the industry standard 3 gallon urn every time.
